The April 2016 Zillman Column features **Artificial Intelligence Resources 2016**. This is a comprehensive listing of artificial intelligence and deep learning directories, subject guides and index resources and sites available on the Internet. The below list of sources is taken from my Subject Tracer™ Information Blog titled Artificial Intelligence Resources and is constantly updated with Subject Tracer™ bots at the following URLs:

<http://www.AIResources.info/>

These resources and sources will help you to discover the many pathways available through the Internet to find the latest artificial intelligence (AI) and deep learning research resources and sites. As this site is constantly updated it would be to your benefit to bookmark and return to the above URL frequently to download the latest freely available artificial intelligence resources white paper.
