This March 2008 column **Grid Resources On the Internet** is a comprehensive list of grid and distributing computing resources and sites on the Internet including associated and related online sources. The below list is taken from my current Subject Tracer™ Information Blog titled Finding People and is constantly updated with Subject Tracer™ bots at the following URL:

<http://www.GridResources.info/>

These resources and sources will help you to discover the many pathways available to you through the Internet for obtaining and locating the resources and sources to help you become part of one of the fastest growing areas on the Internet - Grids and Distributing Computing!.

Subject Tracer™ Information Blogs

Subject Tracer™ Information Blogs created and developed by the Virtual Private Library™ combine the best of the latest tools on the Internet. Using bots, blogs and news aggregators the Subject Tracer™ Information blogs generate RSS feeds with the latest resources to create a current information resource flow through niched subject tracers. I am proud to be the creator of the Internet's first Subject Tracer™ Information Blogs:
